Model 132

# Model 132

MADE IN LEIPZIG, GERMANY

Rock-solid back-frame, grand-length strings, expansive soundboard, lightning-fast grand-length keys - the advantages of a fine grand piano are evident in the superb engineering of the tallest RÖNISCH upright piano.

Massive bass power and crystalline treble projection attain the ultimate in musical variety and refinement. Complex orchestral harmonics blend in an infinite palette of tonal colour - the RÖNISCH sound for those who desire the very best in an upright.

RÖNISCH have created the ideal pianos for postgraduate & professional musicians and are the perfect compliment to a carefully curated home.

## FEATURES
