Model 175

Model 175

MADE IN LEIPZIG, GERMANY

The exclusive RÖNISCH soundboard design is over 160 years old, employing a high yet supple crown supporting a precisely balanced and cultivated tone notable for its engaging warmth and colour combined with a clear bell-like quality and lasting sustain.

The Model 175 was created as an option for piano enthusiasts who wish to enjoy all the advantages of a grand piano where space does not allow a full-sized concert instrument. It is the ideal piano for postgraduate & professional musicians and is the perfect compliment to a carefully curated home.

FEATURES

Soundboard	Solid quarter-sawn & tapered close-grained European alpine spruce
Ribs	Close-grained alpine spruce
Bridges	Solid German beech bridges, hand-notched
Pinblock	Hard German beech, 14 plies cross-laminated for ultimate stability
Tuning pins	German-steel, nickel-plated tuning pins
Action	Carl Rönisch all-wooden action, traditional geometry
Keys	Solid close-grained alpine spruce, solid genuine ebony sharps
Hammers	Hornbeam hammerheads & finest Abel Merino long-fibre BIOfelt hammers
Strings	Hexagonal hand-wound bass strings, high-tensile German steel
Rim & Beams	Made by Blüthner to stringent RÖNISCH specification
